

"A Child's Smile"

I have asked the community outside St. Olaf's what a child's smile is worth, and it has recognized the value of our A Child's Smile program to the kids of local families in need. Individuals, organizations, and other churches have so far contributed over \$4,100 with more contributions on the way. St. Olaf's is answering the challenge. So far, 24 members have been inspired to contribute \$2,280 in donations that range from \$5 to \$500. Join us on the Christmas train that brings Christmas to local kids who won't have one without you. Don't forget the need for mittens and caps. Rog Johnson
